

Welcome at Grand Café Beekman & Beekman.

For over 15 years in the center of Deurne, next to the church on the market. Housed in one of most ... buildings in the region, which from the outside already the necessary curiosity and expectations generates. These expectations won't be ashamed, when you step inside.

The name Beekman & Beekman comes from the book by Toon Kortooms who happens to have lived in Deurne. Images and quotes from the book can be found everywhere inside the building. And sometimes even in the menu.

On behalf of the whole team: Nice meal!
